Remarkable Case.

A Dangerous Explosion.

Philadelphia, November 18.—The explosion of a tank of oil at the Duane property company's works at the foot of Moore street this morning resulted in the death of a man, the probable death of a boy and serious injury of a few others, and partial destruction of the establishment.

The victims are Alexander Banks, burned to a crisp. He was superintendent of the workmen and had recently come from Pittsburgh. Charles Asaria, a boy, can be found; Joseph Robinson of Jeaware, entire body burned, cannot possibly recover; Patrick Joy, a boy, trunk and extremities fractured; William, who was probably dead; Arthur Gruener, entire body terribly burned, will die.

Early this morning a gang of fifteen men were set at work to repair a stone foundation under a large room which contained 1500 barrels of crude oil. The repairs had been partially done when the man who was the stilt was blown down, setting the oil on fire, tilting over the stilt and causing the burning oil to fall on the men below.

The explosion was so violent a few moments later a second report and a cause was made of smoke. The utmost consternation prevailed among the workmen. Considerable time was spent before any of the fire apparatus reached the scene, by which time the oil which still remained in the floor tanks and the portion which had flowed to the ground was burning fiercely.

Philadelphia, November 18.—Two more victims of the explosion this morning, Joseph Robinson and Arthur Gruener, died this afternoon. Alexander Banks was under the tank when the explosion occurred. Michael Cavanaugh attempting to rescue the body was badly burned. He succeeded in grasping Banks' foot but it parted from the body and he was compelled to retreat. Charles Asaria and Arthur Gruener were found lying near the still, both terribly burned. Several other workmen were slightly injured. The body of the missing boy, Charles Marshall, was finally recovered.

Barred Under Brick.

New York, November 18.—On Wednesday the Empire State Building, 25 and 26 Jettison street were burned. This afternoon a party of laborers were engaged in repairing the damage to the roof. A fire company was throwing water on the smoking ruins and a number of children and poor people were engaged in picking up scraps of burning wood. Suddenly, without warning, one of the workers caught up, the top falling inward upon the workers and the middle of the direction of the firemen and the work gaterers. The children and firemen all managed to get beyond the reach of the falling bricks, but Mrs. Mary Kohn, a young married woman, was caught and killed. The workers on the inside had no chance to run and were buried under the falling bricks and mortar. They were dug out as quickly as possible and removed to the hospital. The list of injured is as follows: Archie Georgia, 28 years, compound fracture of skull; severe injuries and skull, left leg and shoulder blade broken, will die; Chas. Chapman, 55 years, foreman of the gang, compound fracture of knee joint and fingers on both hands, left arm broken and hand injured; Wm. Ritchie, residence unknown, cut and bruised, went home; residence unknown, slight injury, went home; Kline; Mrs. Mary Kohn, 21 years.

Denver, November 18.—The crazy American who recently shot and killed the Chinese man Ching Fong, 80 years old, and who was persistently refused to give his name or residence when asked by the officers, was brought into court this morning and said his name was Thomas A. Wilson, and for some time past he had worked on a farm eight miles from Georgetown. He was born in Kentucky and had lived in Kentucky and Missouri prior to coming to Colorado.
